WINES AND BEERS ARE AVAILABLE FROM THE BAR ONLY

SORRY TABLE SERVICE IS NOT AVAILABLE

Hamelin *Bay* Wines

ABOUT US

The vineyard was established in 1992 by Richard and Ros Drake-Brockman and the cellar door opened in 2004. The wines are distributed in WA, SA, Victoria and NSW and exported to Canada, UK, Malaysia and China. Wine can also be purchased from our website with free delivery Australia wide.

The Vineyard comprises 26 hectares of 7 grape varieties. What you see directly out in front of the cellar door is the Cabernet Sauvignon with Shiraz behind it further down the hill and Merlot over to the left side. We also have some Malbec just visible to the far right. All the whites which are 2/3 rds of the vineyard are out of sight over the hill to the right hand side. There we have Chardonnay, Semillon and Sauvignon Blanc.

The vineyard is about being on a warm north facing well drained gravelly ridge in the cool climate of southern Margaret River where the aim is to ripen the grapes slowly with intense varietal character to make the best wines possible. The whites are planted on the cooler east facing slope and the reds on the warmer west face.

The vineyard is drip irrigated from the dam according to the season, some years see almost no rain during summer and others see more so our watering is adjusted accordingly. Today very few vineyards in Margaret River are not irrigated with supplementary water and it is now considered detrimental to quality not to have water available in dry seasons.

Our vineyard program involves pruning during winter dormancy, canopy management during the spring and summer growing season, ripening in summer with sparkling base harvested in early February, and the whites all harvested by mid march and the reds by mid to late April. During ripening you can see the nets designed to stop the small silvereye birds from pecking away at the fruit.
